

# 2015 BIOBLITZ MISSISSIPPI

*During a BioBlitz, students, teachers, residents, and scientists work together to identify as many species as they can. A BioBlitz provides a picture of the amount of biodiversity in a place and sparks interest in ecology and living things. The Mississippi BioBlitz is fun for the whole family!*

**NATCHEZ TRACE PARKWAY VISITOR CENTER, TUPELO  
SATURDAY, APRIL 18, 2015**
